First Asgard, Then Midgard—Now It's Up to the Marvel Guard

Asgard. Vanaheim. Alfheim. Nidavellir. Niffleheim. Muspelheim. Svartalfheim. Jotunheim. Heven. Malekih the Dark Elf has wreaked havoc in all nine of these realms. But there is one realm he hasn't touched: Midgard.

Until now.

In ***War of the Realms,*** Malekith has Midgard—the world we know as ground zero for the Marvel Universe—in his sights. If the other nine realms have fallen, what hope does Midgard have?

The hope derived from the combined might of the most powerful superheroes in *any* realm. These heroes are determined to stop Malekith and his malevolent minions... but will even their combined might be up to the task?

That's what readers are about to find out in ***War of the Realms,*** a six-issue limited series by *Jason Aaron, Russell Dauterman, & Matthew Wilson.* But this story is too big for one limited series, so Malekith's assault on Midgard will resonate through a number of tie-in books a well.

Aaron has been laying the groundwork for this conflict for quite a while now. "I have been building towards ***War of the Realms*** for the entire duration of my ***Thor*** run," Aaron said. "So we're talking six years and 80-something issues and counting. This is a war that covers the entire globe and involves the biggest heroes of the Marvel Universe...

"The story really begins when that war that's been brewing for years in the pages of ***Thor*** explodes here in Midgard. At that point, it's bigger than a Thor battle—everyone becomes a part of that battle."

"Even though this story involves a lot of moving pieces and elements from the Thor comics and the Avengers comics, it's something that everyone can just dive into," editor *Wil Moss* added. "In ***War of the Realms #1,*** Malekith's invasion starts in Manhattan, but he doesn't just want to conquer *part* of Earth—he wants the whole realm!

"The heroes will have a hard enough time just defending New York from Malekith's forces—but when they realize the full scope of his attack in ***War of the Realms #2,*** they'll have to make some daring and surprising moves in order to stop Malekith and his army of Frost Giants, Fire Goblins, Trolls, and more from taking over the entire planet! And as with any war, this world at war will have some casualties..."

Readers who want to follow the events leading up to the war should pick up March's ***Road to War of the Realms*** prelude titles: ***Avengers #s 16 & 17*** (by *Jason Aaron & David Marquez),* ***Asgardians of the Galaxy #7*** (by *Cullen Bunn & Matteo Buffagni),* and ***Thor #11*** (by *Jason Aaron & Lee Garbett).* The Avengers must battle the undead, who are vying for the title of the new Lord of the Damned. The Asgardians of the Galaxy encounter Ego the Living Planet. Thor and Lady Freyja struggle to protect Midgard from an initial strike by the Dark Elves. All four books will carry a special ***Road to War of the Realms*** trade dress to ensure that readers don't miss them.

The Marvel teaser image for ***War of the Realms*** reveals just how far-reaching this event storyline will be. Captain America riding a winged horse? Daredevil, covered in starry lights, wielding a sword? The Punisher, Luke Cage, Iron Fist—ready to defend? Where does Jane Foster come into play? What roles do Wolverine, Venom, Blade, She-Hulk, Black Panther, Spider-Man, Captain Marvel, Iron Man, Doctor Strange, and Ghost Rider play in the epochal conflict? No doubt about it—this image raises a lot of questions!

And as we said earlier, the story will overflow into a number of tie-in issues, special series, and oneshots, beginning in April and continuing into the summer.

Earth is at war, besieged by an army of Frost Giants, Trolls, and Fire Goblins—and the mighty Thor is nowhere to be found! But could it be that the key to turning the tide is... Thor's baby sister? Find out in **War of the Realms: Journey Into Mystery #1** (by *Clint, Justin, & Travis Griffin* and *Andrea Lima Araujo*), which also guest stars Miles Morales, Kate Bishop, and Balder the Brave.

The War of the Realms comes to the nation's capital in ***Avengers #18*** (by *Jason Aaron & Ed McGuinness*). Who needs the Avengers when you've got the all-new Squadron Supreme of America? But who are these mysterious new heroes, and where did they come from? Only Agent Coulson knows.

The War of the Realms comes to Midgard—and Westchester—in ***War of the Realms: Uncanny X-Men #1*** (by *Matthew Rosenberg & Pere Perez*). Malekith's forces are invading Earth, and the heroes of Earth are joining with the heroes of Asgard to fight them back! Who better to lead the X-Men into that war than their very own Valkyrie, Dani Moonstar?

With the invasion by Malekith and his minions underway, Earth's Mightiest Heroes will need all the help they can get. The Asgardians of the Galaxy join the battle for the Tenth Realm in ***Asgardians of the Galaxy #8*** (by *Cullen Bunn & Matteo Lolli*).

Gifted the sight of the Bifrost, Daredevil watches all Midgard burn under

Malekith's invasion in ***War of the Realms: War Scrolls #1*** (by *Jason Aaron & Andrea Sorrentino*).

Venom gets swept up in Malekith's campaign to take over the Ten Realms in ***Venom #13*** (by *Cullen Bunn & Iban Coello*) But Malekith has designs for the sinister symbiote... and they may prove fatal!

The War of the Realms brings monsters to the streets of New York City—but New York has a monster all its own known as the Punisher, and they're about to meet him in ***War of the Realms: Punisher #1*** (by *Gerry Duggan & Marcelo Ferreira*).

When Earth is attacked, Squirrel Girl is called back from her Negative Zone vacation, and Loki recruits her as part of a secret mission in ***Unbeatable Squirrel Girl #43*** (by *Ryan North & Derek Charm*).

And that's what awaits you in the first month of the crossover event! Just wait 'til you see what's in store after that!

War of the Realms #1, a $4.99 comic, is scheduled for April 3rd release. And to commemorate the event, Marvel has even created a new type of variant cover: the Van Art cover, a landscape-format image depicting a crucial scene related to *War of the Realms* as it might appear if (get ready for it) it were painted on the side of a van! It begins with *Greg Horn's* Van Art Variant for *War of the Realms #1.*
